## *What you might need to know about the Angel Trail*

*It is just for a fun.*

*It is possible to walk the whole trail (dry weather and strong shoes recommended!) but you may like to break it up especially if your children are very small. Some of the angels have chosen to live in or near some of our local farms!*

*There is no timescale but the answers will be posted on the facebook page on 23<sup>rd</sup> December 2020*

*The angels are all numbered so you may like to record the numbers or the locations on this sheet.*

*Have fun!!*
